## Why we want you

The International Youth Volunteering Programme (IYVP) can offer young people aged 18-25 to take part in a full-time, structured, and supported volunteer international programme. All our placements are fully funded, with travel, accommodation, visas and health insurance costs covered, and volunteers receive a small monthly allowance to cover additional expenses.

This is the perfect opportunity for those interested in gaining valuable skills, having new experiences, and giving back to the community. The personal and professional skills developed on these placements (independence, resilience, working with vulnerable people, etc), as well as the opportunity to live in a new country and create connections with people from different walks of life are extremely beneficial for any young person looking to start a career in this sector or similar.

We are keen to hear from individuals, especially those who do not normally get the chance to volunteer overseas, who are passionate and motivated for this kind of work, but who also understand that these types of placements require adaptability and resilience.
